Frame type	Container type	Description	Number
width 40mm	width 30mm	width 60mm	width 20mm
LineFrame	No	This frame type represents a line on the report.	1
LineFrame	No	This frame type represents a line on the report.	2
LineFrame	No	This frame type represents a line on the report.	3
LineFrame	No	This frame type represents a line on the report.	4
LineFrame	No	This frame type represents a line on the report.	5
LineFrame	No	This frame type represents a line on the report.	6
LineFrame	No	This frame type represents a line on the report.	7
LineFrame	No	This frame type represents a line on the report.	8
LineFrame	No	This frame type represents a line on the report.	9
LineFrame	No	This frame type represents a line on the report.	10
LineFrame	No	This frame type represents a line on the report.	11
LineFrame	No	This frame type represents a line on the report.	12
LineFrame	No	This frame type represents a line on the report.	13
LineFrame	No	This frame type represents a line on the report.	14
LineFrame	No	This frame type represents a line on the report.	15
LineFrame	No	This frame type represents a line on the report.	16
LineFrame	No	This frame type represents a line on the report.	17
LineFrame	No	This frame type represents a line on the report.	18
LineFrame	No	This frame type represents a line on the report.	19
LineFrame	No	This frame type represents a line on the report.	20
LineFrame	No	This frame type represents a line on the report.	21
LineFrame	No	This frame type represents a line on the report.	22
LineFrame	No	This frame type represents a line on the report.	23
LineFrame	No	This frame type represents a line on the report.	24
LineFrame	No	This frame type represents a line on the report.	25
LineFrame	No	This frame type represents a line on the report.	26
LineFrame	No	This frame type represents a line on the report.	27
LineFrame	No	This frame type represents a line on the report.	28
LineFrame	No	This frame type represents a line on the report.	29
LineFrame	No	This frame type represents a line on the report.	30
LineFrame	No	This frame type represents a line on the report.	31
LineFrame	No	This frame type represents a line on the report.	32
LineFrame	No	This frame type represents a line on the report.	33
LineFrame	No	This frame type represents a line on the report.	34
LineFrame	No	This frame type represents a line on the report.	35
LineFrame	No	This frame type represents a line on the report.	36
LineFrame	No	This frame type represents a line on the report.	37
LineFrame	No	This frame type represents a line on the report.	38
LineFrame	No	This frame type represents a line on the report.	39
LineFrame	No	This frame type represents a line on the report.	40
LineFrame	No	This frame type represents a line on the report.	41
LineFrame	No	This frame type represents a line on the report.	42
LineFrame	No	This frame type represents a line on the report.	43
LineFrame	No	This frame type represents a line on the report.	44
LineFrame	No	This frame type represents a line on the report.	45
LineFrame	No	This frame type represents a line on the report.	46
LineFrame	No	This frame type represents a line on the report.	47
LineFrame	No	This frame type represents a line on the report.	48
LineFrame	No	This frame type represents a line on the report.	49
LineFrame	No	This frame type represents a line on the report. This frame type represents a line on the report.	50
LineFrame	No	This frame type represents a line on the report. This frame type represents a line on the report.	50
LIIIGI IAIIIG	IAO	This name type represents a line on the report.	01

Frame type	Container type	Description	Number
LineFrame	No	This frame type represents a line on the report.	52
LineFrame	No	This frame type represents a line on the report.	53
LineFrame	No	This frame type represents a line on the report.	54
LineFrame	No	This frame type represents a line on the report.	55
